V1

Sometimes the journey grows long
Lord, I feel I can't carry on
But I cling to Your promise, You never leave
Your goodness unending, a shelter for me

CHORUS 1/2/3

1) On this mountain climb You guide me in Your higher ways
2) On this mountain climb You hold me, I love Your embrace
3) This mountain climb behind me, the wind on my face
As I dance through the meadows, a picture of grace
As I know I'm whom You're thinking of
As I'm covered by Your vast conquering love
I see joy
I'm Your joy

TAG

You're my Joy

V2

I'm ashamed when I doubt You, my Lord
But even shame You gave Your life for
Your delight like a river, cuts through my heart
You mold me and form me, Your work of art
